To Whom It May Concern:

My name is David Primavera and I am Brandon Ohre's high school baseball coach. I have coached Brandon for two years and he has been a great teammate and athlete the entire time. Brandon is a natural leader on the team, he consistently pushes himself to get better, and is our team's most important player.

Last year, we had an incredibly young team that needed work in all aspects of the game. Brandon became a coach on the field. He worked with the other athletes to improve their play and taught them techniques and drills he uses that could help them. He was never negative to the players when they made mistakes, rather he taught them how they can get better. He always carries himself with seriousness and always gives full effort no matter the score. This attitude is contagious to the rest of the team.

Brandon works every practice and studies his mistakes so he can get better. He is always willing to put in extra time after practice. He has spent a lot of time this offseason in weight room working on baseball specific exercises. He was an excellent last year, yet he worked hard and is currently a top hitter in the entire state.

Brandon has either started at shortstop or second base at Scottsdale Prep since his Freshman year. He has been our leadoff hitter for the past two years and hits good pitching better than anyone on the team. Brandon has been the best defensive players in our conference since he has joined the high school team. He has excellent range and very good at turning the double play.

Brandon has exhibited all the traits schools and coaches desire in a student athlete. He loves playing and studying the game of baseball. I guarantee this will continue at the next level.

If you have any questions, do not hesitate to contact me.

Sincerely,

David Primavera

Scottsdale Prep Academy Head Baseball Coach
